Is the property located within a historic district? ☐ no ☐ yes Name of district: _____

Is district listed? ☐ no ☐ yes Determined eligible? ☐ no ☐ yes District Inventory Number: _____

Documentation on the property/district is presented in:

Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo)*

The Galena Survey District is composed of 125 major resources lying along Main Street (Rt. 213), Cross Street (Rt. 290), Phelps Avenue, Virginia Street and Seminary Lane. The majority of the resources are residential, with a church and several commercial structures. Of the 125 resources, 76 contribute to the potential district; 49 do not contribute. Although a period of significance has yet to be identified, the district's resources date primarily to the late-nineteenth century and the early-twentieth century. A number of contributing commercial and residential structures date from the 1910's through 1950. There are only a handful of resources from the latter half of the twentieth century. Most of the contributing resources retain an extremely high level of integrity, despite the use of vinyl and aluminum siding.
